Industrious business consultant with a proven track record in enhancing **business operations** through **effective planning and implementation strategies.** Equipped with **8+ years** of expertise in **Data Analytics (Tableau, Power BI, Advanced Excel, Power query, SQL, BigQuery, Python), Automation, Project Management, Cloud Platform,** I specialize in **driving business transformation** and **delivering data-driven insights**.

EXPERIENCE

Ladva Enterprises **Mumbai, India**
Founder/ Self Employed **Nov 24- Present**

- **Consulted Kompress India Pvt. Ltd. and Marvel Touch Aluminum Pvt. Ltd.** on **ISO 9001, 14001, and 45001 implementations**, achieving **100% audit compliance within 10 weeks**.
- **Designed and implemented an automated KPI reporting system** for **E-Trav**, utilizing **Python, Power Query, and interactive dashboards** to generate real-time performance reports and business insights across **Flights, Hotels, DMC, and Visa** teams.
- **Designed and implemented a data integration and sales analytics platform for AVN Ayurveda**, consolidating multi-source data (Salesforce prx, Microsoft Dynamics 365, Appscipt, Google Sheets) into **Google BigQuery,** and deploying **interactive KPI dashboards in Looker**, enabling real-time sales performance insights and data-driven decision-making.
- **Guided Urban Gourmet India Pvt. Ltd. and GR Polygolv Pvt. Ltd.** through **HACCP certifications**, strengthening food safety systems and enabling market expansion.
- **Led end-to-end financial and market analysis for 4+ clients**, delivering strategic recommendations that drove cost control measures and improved profitability margins by up to **15%.**
- **Improved process efficiency by 20–30% through operations redesign, workflow optimization, and digital integration of IT systems in manufacturing setups.**
- **Advised on sales growth, credit policy structuring, and digital transformation**, driving measurable business scalability and expansion.

Bitumen Corporation (India) Private Ltd- BITCOL **Mumbai, India**
Senior Analyst **Dec 22- Nov 24**

- **Analyzed operations across 2 plants and 9 locations**, identifying opportunities in warehouse consolidation, credit cost tracking, and inventory optimization, contributing to up to **23% margin gain** and **15% reduction in holding costs**.
- **Redesigned and automated firm-wide MIS processes** using Power Query and Excel, reducing reporting turnaround time by **350%** and training cross-functional teams through hands-on workshops—contributing to a **12%** increase in bottom-line profitability.
- **Improved financial and logistics performance** by forecasting material costs with **18% accuracy gain**, analyzing project and sales data for strategic planning (yielding a **5% cost benefit**), and supporting logistics partners in meeting **minimum monthly vehicle utilization**, resulting in a **14% improvement in fleet efficiency**.
- **Researched and implemented a unified ERP system**, developing custom tools to integrate finance, procurement, and inventory—streamlining workflows, enabling faster decisions, and delivering a **10% margin uplift.**

Neelo Enterprises **Mumbai, India**
Senior Executive and Analyst **Feb 20 - Oct 22**

- Analyzed operational workflows and conducted **gap assessments** across departments, recommending data-driven process improvements that led to a **15% increase in operational efficiency**.
- Developed and maintained **inventory analysis reports**, identifying slow-moving and overstocked items, which helped reduce excess inventory by **12%** and improve stock turnover.
- Created **interactive dashboards and performance reports** using **Advanced Excel**, improving visibility into key business metrics for senior management and accelerating decision-making.
- Led in-depth market and operational data analysis, improving cross-functional planning accuracy by **25%**, optimizing resource utilization by **18%**, and supporting strategic supply chain decisions that enhanced delivery timelines by **20%**.

Pilot Gaskets and Engineers **Mumbai, India**
Sales and Operation Analyst, Management Representative **May 18 – Feb 20**

- Planned and executed international shipments via **ocean and air freight using Tally ERP**, including carrier coordination, documentation, and customs compliance, **reducing material landing costs by 10%.**
- **Oversaw inventory management** at the company's manufacturing plant, aligning procurement with production needs and improving stock accuracy using **Transact ERP**, reducing stockouts by **18%.**
- **Utilized Zoho CRM and digital platforms (Amazon, IndiaMART, GeM)** to drive B2B sales growth, automate lead tracking, and increase inquiry volume by **30%** through improved online visibility.
- **Created automated MIS dashboards** with **Excel, Tableau, and Power Query** to support leadership decision-making, while also leading successful audits for **EIL, HPCL, MDL, SAIL** and others to secure vendor registration.
- Contributed to **25%** of total annual sales volume within the first year by leveraging strong client communication, efficiently managing **export orders**, and converting **IndiaMART** inquiries through consistent email follow-ups and B2B engagement.

Neelo Enterprises **Mumbai, India**
Analyst **Jul 17- Apr 18**

- **Streamlined inventory tracking and shipment coordination**, improving logistics efficiency by **50%** through structured Excel reporting and proactive stock planning.
- **Analyzed design and production data** to support **new product development**, leading to **15–20% improvement in operational efficiency** through data-driven design changes using CAD tools.
- **Assisted senior leadership in cross-functional project execution**, accelerating decision-making and reducing project delays by **30%**.
- Conducted **supplier risk assessments and supported regulatory inspections**, improving vendor reliability and ensuring **100% audit compliance**.

EDUCATION

Dwarkadas Jivanlal Sanghvi College of Engineering, University of Mumbai **Mumbai, India**
Bachelors of Engineering – Mechanical Engineering **2013- 2017**
CGPA: 6.93/10

PROJECTS

SHAPE AI 🔗 Link **July 2021**

- **Data analytics and Dashboard with Excel:** Excel data visualization dashboard to discuss various sales strategies per area.

DJS Helios **Jan 16 – Apr 21**
Design and Manufacturing of Solar Car
Designed, developed, and manufactured solar cars while working in the Solar and Electronics Department of DJS HELIOS, a team that represented the DJSCE at the 2017 Asia's Largest Electric Solar Vehicle Championship (ESVC) competition, which was hosted by ISIE (the Imperial Society of Innovative Engineers).

- **Achievements**
  I. The GO GREEN AWARD is given for finishing the dynamic round and placing second in the People's Choice Award.
